Acquisitions & Dispositions

OVERVIEW

Our standout real estate team handles complicated single-asset and portfolio acquisitions and dispositions throughout the country and thrives on complex projects with tight deadlines. Our attorneys are particularly known for closing a high volume of completed real estate transactions.

Our experience includes managing transactions involving a multitude of commercial properties, including multifamily projects, office buildings, retail centers, hotels/resorts and industrial properties.

We represent developers of real estate across the country, including land acquisition, equity and debt financing, construction issues, condominiumization, leasing, property management and disposition of the completed project.

In addition, our attorneys offer a range of other services in related real estate areas, such as commercial leasing, real estate finance and joint venture formation and agreements, to provide one source for all of our clients' development needs.
