NGE Welcomes Kimberly Giertz as Intellectual Property Operations Director

Kimberly Giertz joined Neal Gerber Eisenberg on June 3rd as Intellectual Property Operations Director. Kim holds an M.S. in Business Information Technology and a B.A. from DePaul University.

With over 12 years as a Chief Information Officer and a Director of IT, Kim has designed and lead numerous projects that improved the firm's customer service and data security. She worked with clients to design specialized applications that allow the firm to better manage the client's IP portfolio, and is a founding member of a national IP practice thought leadership forum focused on IP practice support.

We are excited for Kim to join our firm and look forward to all the ways we can better serve our IP clients.
