### Commercial and Professional Liability Insurance: Duty to Defend

Jill Berkeley and Seth Lamden recently co-authored the chapter "Duty to Defend" in the 2019 edition of *Commercial and Professional Liability Insurance*, published by the Illinois Institute for Continuing Legal Education (IICLE). This comprehensive practice handbook includes in-depth analysis from Illinois attorneys on the legal issues unique to commercial and professional liability insurance claims, including professional liability claims-made issues, definitions of key terms in the CGL policy, exclusion by risk, coverage issues raised by e-mail and the Internet, extra-contractual damages, and excess insurance.

[Click here](#) for more information on the *Commercial and Professional Liability Insurance* handbook.
