## Patents

Global leaders and cutting-edge startups alike trust the tenacious, problem-solving skills of our patent attorneys to protect, defend, and monetize their key business products. Our team consists of more than 20 registered patent attorneys licensed to practice before the U.S. Patent and Trademark Office, many of whom have significant patent trial experience. We combine our knowledge across practices to solve patent challenges with the insights and experience of skilled lawyers, scientists and engineers.

### Patent Prosecution and Portfolio Management

Biologics, electronics, mechanical devices, business technologies and software—we work across a multitude of industries to adeptly handle domestic and international patent counsel and prosecution. Corporate giants rely on our world-class intellectual property and corporate experience to analyze their patent portfolios, identify business opportunities, and generate revenue through patent licensing arrangements. Last year alone, we obtained 318 U.S. patents and 216 international patents, providing global support and protection for our clients' invaluable business assets.

We manage global and national patent portfolios for a diverse range of clients, including a top-ranked Fortune 500 company, a fast food industry giant, and an international manufacturer of audio products.

### Patent Litigation

From jury trials to favorable settlements and all points of contention in between, we strategically counsel and fiercely protect our clients in cases of patent infringement and related patent claims. Our trial attorneys have significant experience in District Court litigation, appeals to the Court of Appeals for the Federal Circuit, and inter partes proceedings in the Patent Trial
