NGE Hosts Step Up Field Trip

We hosted high school students from Muchin College Prep for the Step Up Spring Field Trip at NGE headquarters last Wednesday, April 9.

During their visit, students heard from attorneys and staff about their law firm careers, participated in an interactive activity and networked with various members of the firm.

NGE is proud to continue our partnership with Step Up, a mentorship nonprofit that provides structure for girls and those who identify with girlhood to define and achieve their visions of success through structured programs, focused support and inspiring connections.

Learn more about Step Up [here](#).
