Diana Koppang Named to the Fastcase 50

Diana Koppang, Director of Research & Competitive Intelligence for NGE, was recently named to the Fastcase 50, which honors the law's smartest, most courageous innovators, techies, visionaries, & leaders. Diana is honored along with Federal and state court judges, professors from Georgetown, Cornell, and others, and prominent in-house and ALP leaders.

Earlier this year, Diana presented on a study by academic and law firm librarians comparing the answers of federal litigation analytics products to a set of real-world questions. She was also honored in May by the Chicago Association of Law Libraries with the Agnes and Harvey Reid Award for Outstanding Contribution to Law Librarianship.
