NGE is proud to announce that Intellectual Property partner and co-chair of the firm's Industrial and Manufacturing focus group Mike Turner was selected among *Crain's Chicago Business* 2021 Notable Veteran Executives.

Mike was recognized for his work with junior military officers as they transition out of active service. He is also a member of the Tudor Society, a group of West Point graduates who are leaders in the civilian legal community, where he helps fund and create internships for West Point law department cadets.
