Patty Cain Authors Article on Mental Health Parity for *InsuranceNewsNet*

Patty Cain, chair of the firm's Employee Benefits & Executive Compensation practice group, recently authored the article "What Employers Must Know About Mental Health Parity," published on *InsuranceNewsNet*. In the article, Patty describes increased enforcement from the Department of Labor to make insurers and group health plans provide coverage for mental health and substance abuse treatment. She outlines four action steps for plan sponsors to take to ensure their policies meet legal requirements to avoid associated costly fines and costs.
